

Author Guidelines for YSC Conference Proceedings

To have your paper published in the Conference Proceedings, please submit your manuscript prepared in accordance with the sample article template to ysc2026@cosmos.ru by **June 1, 2026**. Only papers based on abstracts published in the conference abstract book will be accepted for publication.

The article must be written in Russian in Microsoft Word (or converted to Microsoft Word from other software) and saved in ***.doc**, ***.docx**, or ***.rtf** format.

Page Layout

Paper size: A4, portrait orientation; margins: top and bottom — 2 cm; left — 3 cm; right — 1.5 cm.

Body Text Font

Font: Times New Roman, 12 pt, single line spacing. Each paragraph begins with an indent of 1.25; text alignment: justified. Hyphenation is not used.

Article Structure

1. **UDC** (*replace the sample with your own codes*).
2. **Article title**: lowercase letters, bold, centered.
3. **Author initials followed by surname**; italic, centered. If authors are from different organizations, superscript numbers 1, 2, 3 are placed after surnames.
4. **Organization name(s)** written in full and abbreviated (in parentheses), city, country; centered.
5. **Abstract**; 10 pt.
6. **Keywords**; 10 pt.
7. **Author information**: full name of each author, position, degree, academic title, e-mail; 10 pt.

Level 1 heading: lowercase, bold, centered.

Level 2 heading: lowercase, bold italic, centered.

Level 3 heading: lowercase, italic, centered.

Each figure is placed in a separate paragraph, with the caption in the following paragraph. In-text references to every figure and table are mandatory.

Formulas are created using the MathType equation editor (or the one built into Microsoft Word) with default settings.

References are listed at the end of the article in alphabetical order by author surname, and are **not numbered**. Surnames, article titles, book titles, and journal names are given in the original language without abbreviations. In-text citations use author surnames and year: (*Vinogradov et al., 1977a, 1979; Degtyarev, 2005; Watson et al., 1988*).

Graphic Materials

Photographs, charts, diagrams, etc. must be submitted as **separate graphic files**. All axes in graphs must have names and units. File requirements:

- **Raster** (photographs, satellite imagery, color and grayscale screenshots): resolution of at least 300 dpi (*.tif, *.psd, *.bmp, *.jpg, *.png).
 - **Vector** (graphs, diagrams) created in programs such as Grapher, Statistica, MATLAB, Excel, etc. (*.ai, *.eps, *.wmf, *.emf, *.pdf): save (*Save as*) or export (*Export*) to vector format.
-

Electronic Submission

- Name figure files as: **FirstAuthorSurname_fig_number** (e.g., **Ivanov_fig_1.tif, Ivanov_fig_2.eps**).
- Include a fully assembled **PDF** of the article (with all illustrations and captions).
- Proofreading corrections should be added to the submitted PDF as comments in Adobe Acrobat Reader.
